Subject: Asking about ZEN image analysis feature

Dear Manoj,

Happy new year!
I hope that everything is fine with you.

Today, I have a question of ZEN image analysis feature.

A customer wants to know below features' detail information.

- Intensity Sum of channel
- Intensity Sum of Squares of channel

1. What is the meaning of Sum of Squares of channel?
2. What is the formula of “Intensity Sum of channel” and “Intensity Sum of Squares of channel”?
3. What is the difference between “Intensity Sum of channel” and “Intensity Sum of Squares of channel”?

Please give answer.

Regards
Gisu
